#### IV. STATEMENT OF CLAIM

State here, as briefly as possible, the FACTS of your case. State who, what, when, where and how you feel your constitutional rights were violated. Do not cite cases or statutes. If you choose to submit legal arguments or citations, you must do so in a separate memorandum of law. If you intend to allege a number of related claims, number and set forth each claim in a separate paragraph. If your claims relate to prison disciplinary proceedings, attach copies of the disciplinary charges and any disciplinary hearing summary as exhibits.

Only two (2) extra pages (8½ x 11") are permitted, if necessary, to complete your statement of claim. Additionally, attach any relevant, supporting documentation.

Firtly I just want to notify this court that I have filed all the necessary administrative remedy and tried to ressolve this issue informally but all effort went avail & will present evidence If necessary to support my claims.

On about . till present., These Identified colluded in their own individual way to put my LIFE at risk.

I would have ignored if that threat to my safety had not escalated to what it is right now.

Most notably I did not order myself not to be force medicated., The Federal District Court who ordered me in their care DID. The Court ruled that I am not psychotic and they should not force medicate me with psychotropic drugs rather I should be given anti-viral medication for my 30 days period stipulated in that court order.

I am not a lawyer neither am I here to debate the actual power of these Identified individuals to violate the court order rather in this complaint to suggest that, If they are not satisfied with the Court who ordered me in their care., all they could have done is appeal that decision, If they think I must take their psychotropic drugs instead of the anti-viral drugs for my H.I.V. and not retaliating against me because an order was entered in my favor. "the laws are sets for a reason" The reasons for all these criminal actions against me are summarized below:

On about 8-30-2006, D.O.J employees infected me with H.I.V disease of which they claimed it was by accident.

I sued them for that injury and the litigation was still pending., my court appointed counsel in my federal case which I was charged for allegedly carried a gun while knowing to be a felon., at several ocasions offering me a 3,000,000USD deal to sign over my lawsuit to them which I had at all points refused.,

Some how., they got off in my criminal case and the trial judges erroneously civilly committed for just 30 days without me been represented by a counsel.

That appeal is still pending at the Higher court for a review and within these long waiting period in custody., I discovered that these appointed counsels fraudulently represented me in that lawsuit as my counsel and the case was adjudicated., probably they claimed the benefit., who knows!

My most concern is the identified individuals are upset because the court denied their request to administer me psychotropic drugs because it is very apparent that the SPECIAL INTEREST companies pay them money to administer psychotropic medications or probably my counsel colluded with some of these individuals to silent me., so that I will not live to find out what actually has happened to my adequate remedy.

These individuals e.g Dr. Rice said that I must take the psychotropic drugs and he don't give a damn whether the court denied their force medication request., that they run this prison and they can do whatever they wish unless I don't want to be released or something unpleasant will happen to me., if I don't corporate with their decision.

They deliberately refused to administer the anti-viral medication as required by my health just because I did not corporate with their demands.

Apart from the everyday threat by the Identified in their own ways., They have instructed fellow inmates to assault me physically and then construe it as a fight of which they have used to extend my stay by saying I failed the risk assessment and they don't give a damn whether inmate attacked me or NOT.

They have several times put me in a confinement which we generally call a hole whenever I refused them seizing my legal works.

In that hole., they have deliberately put urine, roaches and feces in my food as part of the punishment.

In one occasion., I went to their dentist for teeth cleaning., This

dentist drilled a hole in my teeth without filling them., which have caused me an aggravated pain till date and when I questioned. She said., I have been instructed to do that., you will be fine., file a grievance if you are not satisfied. " you can't teach me my job " Not to talk about the worm they put in my ear during one on my visits to get treatment just like every other inmate.

Despite all my grievances no avail., I petition to the higher court in form of mandamus to compel them to administer the anti-viral medication or let me go because they have kept me way above my supposed time.

These petition upset them the more and their have become farce and detrimental to my safety that is why I am filing this complaint for a restraining order or some type of safe protection because I don't want to die.

The worst of all is inmates coming to my with ~~some~~ to my cell at night to sexually assault me. When i confronted one of them., He said I should go and settle whatever dispute I have with the staff and walked away. I filed a PREA on it and talked to the staff about it but they ignored me as usual rather was still persisting I must take the psychotropic drugs if want to be released.

The problem is., I am not the court that denied their request for psychotropic medication.

And I have the right to be administer anti-viral medication for my HIV disease to keep me alive just like every other human being.

I know I have the right to be protected from my fellow inmates who come to assault me physically and sexually under the instruction of the Identified individuals just to get back at me.

I Know I have the right to be safe regardless the fact that i filed a complaint against the Identified individuals or NOT

In that said., with the way these threats and criminal actions are done against me by these Identified individuals on countless basis., They will finally kill me if no measures is taken to remedy this ugly situation.

I need this court to protect my safety since it is a fellow court that ordered me in the care of these identified individuals.

**I don't want to die**

This complaint is made in good-faith under the penalty of perjury and to the best of my knowledge.

NOTE: WHEN I FILED THE "PREA" - SEXUAL ASSAULT. THEY WAITED ALMOST 1 month, BEFORE THEY EXAMINED ME. I told them I still have the BEDDING, But NO ONE CAME TO collect THE EVIDENCE.

Now I'm IN FEAR OF MY LIFE, AS They ARE COVERING For the inmates that ASSAULT me, IN ORDER To SINK MY SHIP, in collusion with other DOJ employees/contractors et al. (BY using inmates to sexually assault me, creates a situation that causes me to fight, thereby providing the means to Deny me Release at Risk Assessment")

V. REQUEST FOR RELIEF

State exactly what you want the Court to do for you. If you are a state or federal prisoner, and seek relief which affects the fact or duration of your imprisonment (for example: illegal detention, restoration of good time, expungement of records or parole release), you must file your claim on a Habeas Corpus form, pursuant to 28 U.S.C. §2254, 28 U.S.C. §2255, or 28 U.S.C. §2241.

All I need is safety to my LIFE. I request a restraining order  
on the Identified individuals or any better protective measures  
the court can offer because I don't want to die.
